

Actor

Column	Data Type	Description
actor_id	Numeric	identifier for actor
first_name	Character Type	Text
last_name	Character Type	Text
last_update	Temporal Type	Timestamp

Store

store_id	Numeric	identifier for Store
manager_staff_id	Numeric	identifier for a manager
address_id	Numeric	identifier for address
last_update	Temporal type	Timestamp

Staff

staff_id	Numeric	identifier for staff
first_name	Character Type	Text
last_name	Character Type	Text
address_id	Numeric	identifier for address
email	character type	text
store_id	Numeric	identifier for store
active	boolean	True/False Statement
username	Character type	text

Rental

rental_id	Numeric	identifier for rental
rental_date	Temporal	Timestamp
Inventory_id	Numeric	identifier for inventory type
customer_id	Numeric	identifier for customer
return_date	Temporal Type	Timestamp
Staff_id	Numeric	identifier for staff member
last_update	Temporal type	Timestamp

Payment

payment_id	Numeric	identifier for a payment
customer_id	Numeric	identifier for customer
staff_id	Numeric	identifier for staff member
rental_id	Temporal Type	timestamp
amount	Numeric	Currency amount
payment_date	Temporal Type	TimeStamp

Language

language_id	Characters	Text
name	Characters	Text
last_update	Temporal type	Timestamp

Inventory

inventory_id	Numeric	identifier for inventory type
film_id	Numeric	identifier for film
store_id	Numeric	identifier for store
last_update	Temporal type	Timestamp

Actor/Film

actor_id	Numeric	identifier for Actor
----------	---------	----------------------

film_id	Numeric	identifier for Film
last_update	Temporal type	Timestamp
Title		
description	Character	Text
release_year	Numeric	Text
language_id	Characters	Text
rental_duration	Temporal type	Timestamp
rental_rate	Numeric	Text
length	Numeric	Text
Replacement_cost	Numeric	identifier for currency ammount
rating	Character Type	Text
last_update	Temporal type	Timestamp
special_features	Character	Text
fulltext	Character	Text

Customer Information

Customer_id	Numeric	identifier for Customer
Store_id	Numeric	identifier for Store
first_name	Character Type	Text
Last_name	Character Type	Text
email	character type	text
address_id	Numeric	identifier for address
activebool	Boolean	True/False Statement
create_date	Temporal Type	Timestamp
last_update	Temporal type	Timestamp
active	boolean	True/False Statement

Country Information

country_id	Numeric	identification for country
country	Character Type	Text
last_update	Temporal type	Timestamp

Category

category_id	Numeric	identifier for a category
name	Characters	Text
last_update	Temporal type	Timestamp

Addresses

address_id	Chacter Type	Text
address	Chacter Type	Text
address2	Chacter Type	Text
district	Character Type	Text
city_id	Numeric	identifier for city
postal_code	Character Type	text
Phone	Numeric	text
last update	Temoral Type	timestamp
